

H1

How H1 created a **100% mobile T&E experience** for their employees from Day 1

About Company

H1 works across the healthcare ecosystem as the trusted source for healthcare professional information for life sciences, payors, providers, and patients. H1 makes healthcare information and evidence-based medicine available to everyone globally, creating a healthier future every day.

“

Gaurav Kamra, Director - People

"Using Happay aligns with our work-from-anywhere model. The whole expense management process, including expense filing, submission and approvals, is completely digital. The user-friendly and intuitive interface is also a hit with our employees."

”

The Happay Difference

100%

Mobile and digital solution aligning with H1's modern outlook

100%

Seamless workflows ensuring an employee-friendly experience

2-7 Days

Reimbursement cycle leading to greater employee satisfaction

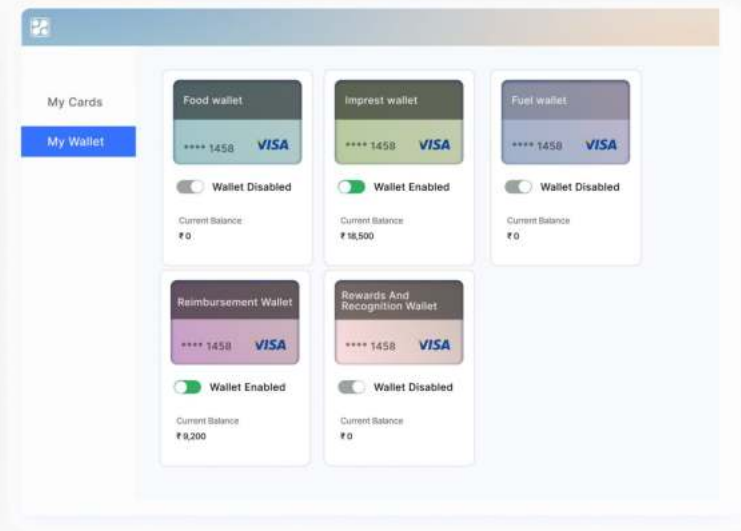

Product Highlights

The H1 <> Happay relationship enables

Fast and direct reimbursements

- 1 H1 reimburses the employees directly into their Happay reimbursement wallet. With the **wallet-to-bank transfer feature**, employees have the **flexibility to transfer the reimbursed money** to their bank accounts at any time.

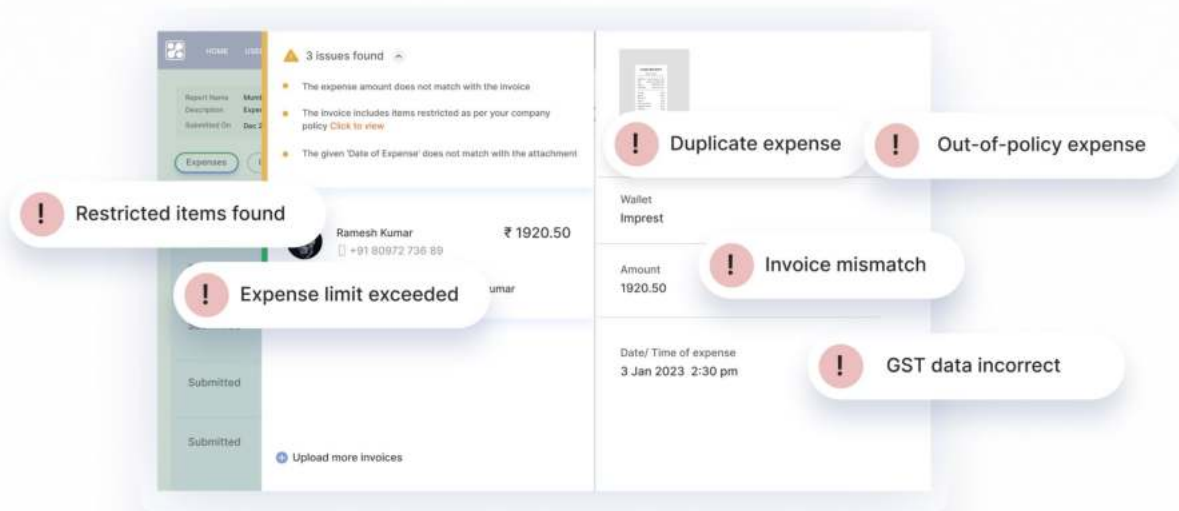

Happay wallets helped H1 realize the reimbursement flow with zero reliance on bank transfers

Ensured policy compliance

- 1 Happay's SmartAudit automatically **flags policy violations and out-of-policy expenses** and provides leaders with actionable insights into policy violations. It helps the leaders to **identify the "why" of failed expenses**, enabling them to come up with preventive measures with minimal effort.

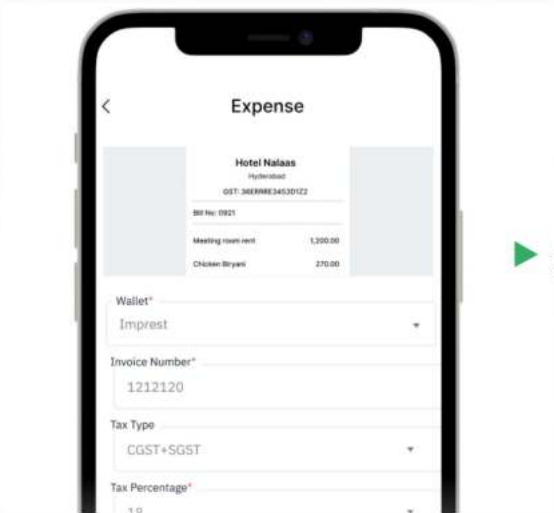

Happay's Smart Audit auto-flags violations according to policies set up by H1

The H1 <> Happay relationship enables

Exceptional Employee Experience

- 1 Happay's mobile app facilitated the employees to **file their expenses from anywhere**, supporting H1's work-from-anywhere policy.
- 2 When an employee scans the bill, Happay's **Xpendite captures expense data with SmartScan OCR technology**.

▶ Employee scans the physical bill, and Happay's SmartScan OCR tech captures the details automatically

Trusted by H1 and 7000+ companies
