iv. Interest free (Grace Period) illustrated with examples.

- Interest-Free Credit Period is the time period from the date of transaction to the due date of payment, wherein interest free payment can be made, subject to the payment of entire outstanding on or before the payment due date by the cardholder.
- For all cases in this unsecured commercial credit card program, entire amount will become outstanding on the payment due date and there's no carry forward of balance allowed.
 - a. The interest free period is upto 45 days.
 - b. Grace period of 3 days given after payment due date to accommodate for processing time of payments.

c. Illustrative example for the calculation of interest free grace period:

Billing Cycle: 8th Jan'24 to 7th Feb'24.

Payment Due Date: 22nd Feb'24.

Interest Rate: 34.49% Per Annum

Sr. No.	Purchase Amount (Rs.)	Outstanding Amount	Purchase Date	Interest-Free Period	Interest Amount (Rs.)	Total Outstanding Amount (Rs.)
i)	25000	25000	11th Jan'24	11th Jan'24 – 21st Feb'24 (42 days)	867.13	20863.55
ii)	300000	325000	15th Jan'24	15th Jan'24 – 21st Feb'24 (38 days)	10182.41	
iii)	600000	925000	9th Feb'24	9th Feb'24 - 21st Feb'24 (13 days)	9814.01	

Grace Period: Payment Due Date + 3 Days (means 25th Feb'24)

Hence, on the Payment Due Date, the entire outstanding amount with total outstanding interest & GST will become due & Corporate is obligated to repay the same on the payment due date or within 3 days after the due date is over.

v. Finance charges for both revolving credit and cash advances:

- Revolving credit pertains to the case where cardmember chooses to pay the amount less than the total due amount as reflected in the monthly statement.
- Cash advances pertain to cash withdrawal from ATMs which is not allowed in this unsecured commercial credit card program.
- Finance charges are payable at the monthly percentage rate on all transactions from the date of transaction in the event of the Cardmember choosing not to pay his balance in full, and on all cash, advances taken by the Cardmember, till

they are paid back. Same if payable, are debited from card members account till the total outstanding is paid in full.

- When the customer carries forward any outstanding amount, a finance charge calculated by average Daily Balance Method, will apply to balances carried forward.
- Please Note: Finance Charges and other charges are subject to change at the discretion of SBM Bank.

vi. Overdue interest charges- to be given on monthly & annualised basis:

- Overdue: Means, the principal interest/ any charges levied on the credit card which are payable but have not been paid within the period stipulated as per the terms of sanction of the credit facility. In other words, any amount due to the bank under any credit facility is 'overdue' if it is not paid on the due date fixed by the bank.
- For all cases in this program, Total Amount Due (TAD) will always be considered as total outstanding amount due on the payment due date. There is no concept of carrying forward of balance by paying Minimum Amount Due (MAD) because there is no MAD.
- So, in the above example, total outstanding amount with total outstanding interest amount & applicable GST on it will become immediately overdue on the payment due date (22nd Feb'24) and has to be paid on the due date or within the grace period.

vii. Charges in case of default/ Late Payment Fee:

- Late Payment charges will be levied in case a credit card account (statement outstanding balance) on customer remains "past due" for more than 3 days. The number of "days past due" and late payment charges will be computed from the payment due date. You are charged a Late Payment Fee if there has been no payment or a payment less than the Minimum Amount Due is received by the Payment Due Date + 3 days. Late Payment Fee shall be charged on the outstanding amount.
- For all cases in this unsecured commercial credit card program, Total Amount Due will always be outstanding on the payment due date and will have to be paid in full as there's no concept of part payment or Minimum Amount Due. If not paid fully or paid partly, Late Payment Charges will be applicable, i.e., Flat 2.5% of Amount Overdue (Minimum: Rs. 1000 + GST).
- Outstanding payment should be made before the Payment Due Date. Clear funds need to be credited to SBM Bank Card account on or before payment due date to avoid Late Payment Charges (if any). The Card member is advised to make the payment to the Communicated account details for the settlement of credit outstanding.
- Payments made towards the card outstanding are acknowledged in subsequent statements.

- Credit limit on any card account may be reviewed as per the bank policies, specified from time to time. The bank reserves the right to decrease and/or unconditionally cancel the limit assigned to the card. In such an instance the bank will inform immediately including the reason thereof, by SMS/e-mail followed by confirmation in writing.

ii. Available Credit Limit:

- The available credit limit at the time of the statement generation is provided as a part of the monthly statement.
- Available credit limit is calculated by deducting the utilized limit from the Total Credit Limit.

iii. Cash Withdrawal Limit:

- For this unsecured commercial credit card program, ATM withdrawals are not permitted.
